

ACKNOWLEDGEMENTS

We wish to thank the following people and agencies for their assistance in completing this project: Graduate Assistants Jayantha Ediriwickrema, Mike Campbell and Casson Stallings; Systems Programmer Alan Galloway; Systems Manager Scott Ross; GIS Technician Mike Rink and Applications Programmer Bill Miller; visiting scientist Francesca Somma; and personnel from the N.C. Natural Heritage Program. Special thanks to Cecil Frost for his help, which considerably reduced the amount of field work needed. Thanks also to Mr. Glenn Catts and the U.S. Forest Service for providing most of the aerial photography used in the project.
